

# Materials Safety Data Sheet

## 1. Product Name and Company Information

- (1) Product Name : EXOME PLANT EXOSOME SKIN
- (2) Manufacturer : COSMEDICIAN.Co.Ltd
- (3) Address : 7, Hoenggye-gil, Ilgwang-eup, Gijang-gun, Busan, Korea
- (4) Telephone : +82-51-723-5680
- (5) Fax : +82-51-714-5689
- (6) Day of Preparation : 17/05/2024

## 2. HAZARDS IDENTIFICATION

- (1) Globally Harmonized System of Classification and Labelling of Chemicals

Symbol : no information available

Signal word : no information available

Hazard statements : no information available

Precautionary statements : no information available

- (2) Other hazards

Health : no information available

Fire : no information available

Reactive : no information available

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

- (1) Use : Cosmetics product

Skin Care Products

- (2) CAS no. : Inapplicable

- (3) Ingredient Name and Contents in 100g contains

| NO | CHEMICAL NAME(ICID NAME)                         | CAS No.     | FUNCTION                |
|----|--------------------------------------------------|-------------|-------------------------|
| 1  | Collagen Water                                   | -           | -                       |
| 2  | Water                                            | 7732-18-5   | Solvent                 |
| 3  | Butylene Glycol                                  | 107-88-0    | Skin Conditioning Agent |
| 4  | 1,2-Hexanediol                                   | 6920-22-5   | Solvent                 |
| 5  | Centella Asiatica Callus Extracellular Vesicles  | -           | -                       |
| 6  | Crithmum Maritimum Callus Culture Filtrate       | -           | -                       |
| 7  | Leontopodium Alpinum Callus Culture Extract      | -           | -                       |
| 8  | Lavandula Angustifolia (Lavender) Callus Extract | -           | -                       |
| 9  | Copper Tripeptide-1                              | -           | Skin Conditioning Agent |
| 10 | Palmitoyl Tripeptide-1                           | -           | Skin Conditioning Agent |
| 11 | Palmitoyl Pentapeptide-4                         | 214047-00-4 | Skin Conditioning Agent |
| 12 | Hexapeptide-9                                    | -           | Skin Conditioning Agent |
| 13 | Acetyl Hexapeptide-8                             | 616204-22-9 | Skin Conditioning Agent |
| 14 | Tripeptide-1                                     | -           | Skin Conditioning Agent |
| 15 | Panthenol                                        | 81-13-0     | Humectant               |
| 16 | Leucine                                          | 328-39-2    | Skin Conditioning Agent |
| 17 | Alanine                                          | 56-41-7     | Skin Conditioning Agent |
| 18 | Lysine                                           | 56-87-1     | Skin Conditioning Agent |
| 19 | Arginine                                         | 74-79-3     | Skin Conditioning Agent |
| 20 | Tyrosine                                         | 60-18-4     | Skin Conditioning Agent |

#### 7. Handling and storage method

- |                        |                                                                            |
|------------------------|----------------------------------------------------------------------------|
| (1) Safe handling tips | It will not avoid the heat, flames, sparks and other sources               |
| (2) How to keep safe   | Store in<br>Store in<br>Please note that materials and conditions to avoid |

#### 8. Exposure Prevention and Personal Protection

- |                                                                      |                                                                                                                                                                          |
|----------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (1) Exposure standards of chemical, biological exposure limits , etc | no information available                                                                                                                                                 |
| (2) Appropriate engineering controls                                 | Use process isolation , local exhaust, or please keep the air levels below the exposure guidelines                                                                       |
| (3) Skin contact                                                     | no information available                                                                                                                                                 |
| (4) Safe handling tips                                               |                                                                                                                                                                          |
| 1) Respiratory protection                                            | Wear respiratory protection required for authentication of the Korea Occupational Safety and Health Agency for the physical and chemical properties of materials exposed |
| 2) Eye Protection                                                    | wear<br>Please install a cleansing equipment and emergency showers, a                                                                                                    |
| 3) Hand Protection                                                   | Wear chemical resistant gloves                                                                                                                                           |
| 4) Body Protection                                                   | Wear chemical resistant clothing                                                                                                                                         |

#### 9. Physical and Chemical Characteristics

- (1) Disposition : Colorless transparent
- (2) Physical state : Liquid
- (3) Smell : Characteristic odor
- (4) Physical danger : no information available
- (5) Flash Point :  $\geq 200^{\circ}\text{C}$
- (6) pH : 4.0 ~ 6.0 (25°C)
- (7) Viscosity : -
- (8) Specific gravity : -
- (9) Boiling Point : no information available
- (10) Safekeeping in temperature : below 40°C
- (11) The term of validity : 36 months

#### 10. Stable under handling conditions

- (1) Stability : stable under regular conditions
- (2) Responsiveness : no dangerous response under normal conditions
- (3) Conditions to be avoided : It will not avoid the heat, flames, sparks and other sources of ignition.
- (4) Substance to be avoided : Oxidizing materials, combustible materials

#### 11. Toxic Data

no information available  
All ingredient are compounds acknowledged as cosmetic ingredients by KP, ICID, KSCI, NF, USP etc.

#### 12. Environmental Impact

no information available

#### 13. Disposal notice

- (1) How to dispose : Waste management act in the case set forth in the substances and courage please dispose of in accordance with the provisions
- (2) Disposal considerations : Waste management act in the case set forth in the regulations, please consider the stated precautions

14. Transport information

Should follow the packaging standard

It will not avoid the heat, flames, sparks and other sources

Shade, room temperature storage

15. Legal Regulation

Classified by the regulation of KPC(Korea Pharmaceutical Codex) Law

16. Other Instructions

(1) Use only for All Skin care purpose

Contact manufacturer(phone number (+82-51-723-5680) for necessary information

(2) Revision number : 0

(3) Revised : 17/05/2024

(4) This information has been prepared based on our experience and information about the material as of the issuing day, however, the safety conditions for using this product are to be determined by the user

Written material safety data sheets (MSDS) can be edited by reference to the GHS MSDS provided by the Korea Occupational Safety and Health Agency , some modified materials
