

Materials Safety Data Sheet

1. Product Name and Company Information

- (1) Product Name : EXOMIDE COLLAGEN MASK
 (2) Manufacturer : COSMEDICIAN.Co.Ltd
 (3) Address : 206, 7, Hoenggye-gil, Ilgwang-eup, Gijang-gun, Busan, Korea
 (4) Telephone : +82-51-723-5680
 (5) Fax : +82-51-714-5689
 (6) Day of Preparation : 19/07/2024

2. HAZARDS IDENTIFICATION

- (1) Globally Harmonized System of Classification and Labelling of Chemicals
 Symbol : no information available
 Signal word : no information available
 Hazard statements : no information available
 Precautionary statements : no information available
 (2) Other hazards
 Health : no information available
 Fire : no information available
 Reactive : no information available

3. COMPOSITION/INFORMATION ON INGREDIENTS

- (1) Use : Cosmetics product
 Skin Care Products
 (2) CAS no. : Inapplicable
 (3) Ingredient Name and Contents in 100g contains

NO	CHEMICAL NAME(ICID NAME)	CAS No.	FUNCTION
1	Aqua	7732-18-5	Solvent
2	Collagen Water	-	Skin-Conditioning Agent
3	Glycerin	56-81-5	Skin Conditioning Agent
4	Cetyl Ethylhexanoate	59130-69-7	Skin Conditioning Agent
5	Niacinamide	98-92-0	Skin Conditioning Agent
6	Chondrus Crispus Powder	-	Abrasive
7	Benzyl Glycol	622-08-2	Solvent
8	Ceratonia Siliqua (Carob) Gum	9000-40-2	Viscosity Increasing Agent
9	1,2-Hexanediol	6920-22-5	Solvent
10	Xanthan Gum	11138-66-2	Viscosity Increasing Agent
11	Panthenol	81-13-0	Skin Conditioning Agent
12	Cyamopsis Tetragonoloba (Guar) Gum	9000-30-0	Viscosity Increasing Agent
13	Agar	9002-18-0	Viscosity Increasing Agent
14	Ethylhexylglycerin	70445-33-9	Skin Conditioning Agent
15	Tocopheryl Acetate	58-95-7	Antioxidants
16	Polyglyceryl-10 Laurate	34406-66-1	Skin Conditioning Agent
17	Allantoin	97-59-6	Skin Conditioning Agent
18	Potassium Chloride	7447-40-7	Viscosity Increasing Agents
19	Glucose	50-99-7	Skin Conditioning Agent
20	Polyglyceryl-10 Myristate	87390-32-7	Skin Conditioning Agent
21	Whey Filtrate	-	Skin Conditioning Agent
22	Adenosine	58-61-7	Skin Conditioning Agent
23	Raspberry Ketone	5471-51-2	Skin Conditioning Agent
24	Butylene Glycol	107-88-0	Skin Conditioning Agent
25	Disodium EDTA	139-33-3	Chelating Agents
26	Dipotassium Glycyrrhizate	68797-35-3	Skin Conditioning Agent
27	Milk Exosomes	-	Skin Conditioning Agent
28	Sodium Hyaluronate	9067-32-7	Skin Conditioning Agent
29	Centella Asiatica Callus Extracellular Vesicles	-	Skin Conditioning Agent
30	Camellia Sinensis Leaf Extract	84650-60-2	Skin Conditioning Agent
31	Melaleuca Alternifolia (Tea Tree) Leaf Extract	85085-48-9	Skin Conditioning Agent
32	Centella Asiatica Leaf Extract	84696-21-9	Skin Conditioning Agent
33	Mentha Piperita (Peppermint) Leaf Extract	84082-70-2	Skin Conditioning Agent

4. Emergency Need Instruction

(1) In case of eye contact	Get medical attention in occupational medicine specialist The material is washed under running more than 20 minutes upon contact with eyes immediately with water
(2) If inhaled	Please move to a place Get medical attention in occupational medicine specialist If not breathing perform artificial respiration Please provide oxygen if breathing is difficult
(3) In case of skin contact	no information
(4) If swallowed	Get medical attention in occupational medicine specialist
(5) Notice of other doctors	Medical personnel know about the materials please to take protective measures
5. Fire-fighting measures	Large fire : water spray/fog, General foam (appropriate extinguishing media) Small fire : dry sand, alcohol-resistant foam, dry chemical, water spray, General foam, CO2 (the proper small fire)
6. Accidental release measures	The heat, remove the ignition flame, etc. Before entering an enclosed space makes ventilation Intake and avoid contact with eyes. Product disclosure does not affect the environment week. Non-combustible absorbent (sawdust, sand, etc.) to absorb the liquid, and then removes the water absorbed on the paper lanterns
7. Handling and storage method	
(1) Safe handling tips	It will not avoid the heat, flames, sparks and other sources of ignition.
(2) How to keep safe	Store in tightly closed Store in a cool, dry place Please note that materials and conditions to avoid
8. Exposure Prevention and Personal Protection	
(1) Exposure standards of chemical, biological exposure limits , etc	no information available
(2) Appropriate engineering controls	Use process isolation , local exhaust, or please keep the air levels below the exposure guidelines
(3) Skin contact	no information available
(4) Safe handling tips	
1) Respiratory protection	Wear respiratory protection required for authentication of the Korea Occupational Safety and Health Agency for the physical and chemical properties of materials exposed
2) Eye Protection	wear protective goggles Please install a cleansing equipment and emergency showers, a place near the workplace
3) Hand Protection	Wear chemical resistant gloves
4) Body Protection	Wear chemical resistant clothing
9. Physical and Chemical Characteristics	
(1) Disposition : White color	
(2) Physical state : Hydrogel	
(3) Smell : Slightly characteristic odor	
(4) Physical danger : no information available	
(5) pH : 6.00 ±1.00	
(6) Specific gravity : 0.980 ~ 1.040	
(7) Amount of Solution per container : 30g ±3%	
(8) The total aerobic bacteria : <100CFU/g or ml	
(9) Boiling Point : no information available	
(10) Flash point : no information available	
(11) Solubility : Water soluble	
(12) The term of validity : 30 months	
10. Stable under handling conditions	
(1) Stability : stable under regular conditions	
(2) Responsiveness : no dangerous response under normal conditions	
(3) Conditions to be avoided : It will not avoid the heat, flames, sparks and other sources of ignition.	
(4) Substance to be avoided : Oxidizing materials, combustible materials	
11. Toxic Data	no information available

All ingredient are compounds acknowledged as cosmetic ingredients by KP, ICID, KSCI, NF, USP etc.

12. Environmental Impact

no information available

13. Disposal notice

(1) How to dispose : Waste management act in the case set forth in the substances and courage please dispose of in accordance with the provisions

(2) Disposal considerations : Waste management act in the case set forth in the regulations, please consider the stated precautions

14. Transport information

Should follow the packaging standard

It will not avoid the heat, flames, sparks and other sources of ignition.

Shade, room temperature storage

15. Legal Regulation

Classified by the regulation of KPC(Korea Pharmaceutical Codex) Law

16. Other Instructions

(1) Use only for All Skin care purpose

Contact manufacturer(phone number (+82-51-723-5680) for necessary information

(2) Revision number : 0

(3) Revised : 19/07/2024

(4) This information has been prepared based on our experience and information about the material as of the issuing day, however, the safety conditions for using this product are to be determined by the user

Written material safety data sheets (MSDS) can be edited by reference to the GHS MSDS provided by the Korea Occupational Safety and Health Agency , some modified materials
